BI-MONTHLY E-NEWSLETTER VOL. V
DECEMBER 2023 & JANUARY 2024

Collaborative efforts contribute to the development of innovative teaching methods, research initiatives and the creation of an inclusive and diverse learning environment. Keeping this objective in mind, the management of Doon Public School organised an interaction with Ms. Jeni Evans - The International Director of Discovery Education from the UK. Mr. Vishwesh Chavan- the Director India & Sub continent Discovery Education, Dr. Kulbhushan Sharma- the President of the National Independent Schools Alliance (NISA), Mr. Amit Maidh- the coordinating official on behalf of NISA- The National Independent Schools Association. The delegates deal in fostering interdisciplinary approaches, sharing resources and promoting diverse perspectives. The purpose of this interactive session was to get an insight into the teaching methodologies and pro technology approaches to enhance the standard of teaching learning process.

The purpose of collaboration in education serves as a medium to promote cultural exchange, share knowledge, and fosters global understanding. It enables the organisation to enhance educational standards and aims to prepare students to thrive in an interconnected world.

CBSE National Science Exhibition is an annual event dedicated to showcasing and celebrating the achievements of budding scientists and innovators from CBSE affiliated schools across the nation. The exhibition provides a platform for the participants to present their research, engage with experts in the field and contribute to the promotion of scientific knowledge and exploration. The CBSE National Science Exhibition for the academic session 2023-24 was organised at the Regional level in Panchkula and 71 schools participated under the theme 'Science and Technology for Society' and 5 Sub Themes LIFE (Lifestyle for environment, Agriculture, Communication, Transport and Computational thinking). Two teams from our school, one from senior category (Classes IX to XII) and other from junior category (Classes VI to VIII) participated in the said event. The CBSE Science Exhibition (Regional Level) concluded with resounding success, showcasing the exceptional talent and innovation of participants from across the region. Among the outstanding participants, **Ekantika and Garima Jindal of Class VIII (Junior Category)** qualified and emerged as the qualifier for the National Level. The model named 'Mitti Cooler' created by them focussed on low cost efficient and sustainable solution to store excess produce, to resolve increasing issue of food waste. They designed this Natural Cooling and Food Refrigeration System by using ZECC technology

The under 17 Netball team, through their commendable teamwork, perseverance and skill, emerged triumphant in the recent District level Netball tournament, securing the First position. This victory stands as a testament to their hard work, discipline and commitment to excellence.

In honor of their outstanding achievement and as a gesture of recognition for their hard work, each member of the victorious team was gifted with a pair of high-quality sports shoes by the school administration. This gesture symbolizes our school's appreciation for their dedication and represents school's encouragement for their future endeavors in sports.

This accomplishment not only showcases the exceptional talent and determination of Doonites but also highlights the unwavering support and guidance provided by school's dedicated coaches and mentors.

A Walkathon Program as part of Panchkula city's Yuva Day celebration was held on January 12, 2024. This innovative event seamlessly blended the spirit of youth empowerment with the promotion of a healthy lifestyle.

As walkers traversed through the heart of Panchkula, the event became a symbol of unity, promoting a collective commitment for both personal and societal wellness. The Walkathon Program encapsulated the dynamic fusion of Yuva Day celebrations and the promotion of a healthier lifestyle.

As part of the seventh edition of “Pariksha Pe Charcha 2024”, Honourable Prime Minister Shri Narendra Modi ji, discussed ways to handle the examination stress with students, teachers and parents in an interactive session at Bharath Mandapam, New Delhi Monday , 29th January , 2024. The School Dean, Captain Sanjay Anand SM and the Director Principal of the school, Mrs. Sunita Anand and Principal Mrs. Vandana Kumari, joined the live telecast of this prestigious event. A renowned Government representative, Mr. Jaipal Garg, was also present to witness the live event of PPC- 2024.

From the beginning, the PM made the students feel at home and began his address with the new year greetings. He emphasised on the role of the Young India in shaping the future and destiny of the world. After the PPC, the students were asked as to what have they gained by the honourable PM's talk. A short quiz was also organised by the Respected Dean Sir & the Govt. representative Mr. Jaipal Garg.

Doon Public School conducted a comprehensive teachers' workshop on 'Cyber Safety and Security' aimed at empowering educators with innovative teaching methodologies and fostering a secured online learning environment. The workshop aimed to enhance teachers' awareness of cyber threats, ensuring they could guide students in navigating the digital realm safely and responsibly. Topics covered included cyber hygiene, data protection and strategies for fostering a cyber-safe educational ecosystem. The workshop brought together a diverse group of educators from various disciplines. The event commenced with an engaging opening session, where participants were welcomed by the Director Principal and the Principal highlighting the significance of continuous professional development in the evolving landscape of education.

The School hosted an engaging Annual Scholastic Book Fair that showcased an extensive collection of books, creating an immersive experience aimed at fostering a love for reading among its students. The fair offered a diverse range of literature, including fiction, non-fiction, adventure, mystery, science fiction and more, providing something enticing for every reader. Students exhibited tremendous enthusiasm and active engagement.

The Scholastic Book Fair proved to be an integral part of Doon School's commitment for promoting literacy and encouraging a culture of reading among students. Through such events, the school aims to expand their horizons, stimulating their imaginations, and nurturing a lifelong passion for learning through literature.

**BUDDIES, NOT BULLIES**

Be a buddy, not a bully
 standing by all way,
 Be here to help through the day
 holding my buddy up,
 When she is weak
 Helping her find what she seeks,
 Catching her tears
 when she cries
 Pulling her through
 when the tide is high
 Do not judge never be a duddy
 Have fun being together and study,
 Be her pulley
 whenever she is down,
 Bulling is cruel
 so stay away fully,
 be a buddy, not a bully

Niyatee Singh, Class VII B**WE ALL ARE DIFFERENT,
YET THE SAME**

In a world filled with chaos and strife
 A simple act of kindness can bring life
 Be a buddy, not a bully let's pledge
 Together we'll create a world that's less
 dreaded
 Let's spread love and light like a ray of sun
 In a world that's dark and undone
 Let's be the change we want to see
 And make this world a place of harmony
 Let's stand up for what is right and never shy
 Let's be the hand that lifts the fallen down
 Let's be the heart
 And beat with compassion profound
 let's vow together
 We'll make the world a place
 where love grows
 Let's be the light in the darkness of night
 And let our kindness shine bright.

Garima Jindal, Class VIII C**शिक्षा का महत्व**

शिक्षा एक जीवन भर चलने वाली प्रक्रिया है इसमें हर उस चीज का प्रभाव शामिल है, जो मानव व्यक्तित्व को प्रभावित करती है शिक्षा व्यक्ति और समाज का विकास है। इसे सामाजिक विकास की शक्ति कहा जाता है, जो समाज के हर पहलू में सुधार लाती है। शिक्षा के माध्यम से मानव व्यवहार को और बेहतर बनाया जाता है। प्रत्येक व्यक्ति के जीवन में कुछ लक्ष्य होते हैं। शिक्षा उस लक्ष्य की प्राप्ति में योगदान देती है। शिक्षा के बिना जीवन निरर्थक और पशु के समान होता है। प्रत्येक पहलू और घटना को उसके सुदृढ़ विकास के लिए शिक्षा की आवश्यकता होती है।

Tanu, Class V B**गणित का इतिहास**

गणित एक विज्ञान है जो संख्या, आकार, मात्रा, व्यवस्था के लॉजिक से संबंधित है। चीन, भारत, मध्य अमेरिका, मेसोपोटामिया जैसी सभ्यताओं ने गणित के विकास में काफी योगदान दिया है। जैसे कि हम जानते हैं सुमेरियन काउंटिंग सिस्टम को डेवलप करने वाले पहले लोग थे। गणितज्ञों ने अर्थमैटिक को विकसित किया जिसके अंतर्गत कुछ बेसिक ऑपरेशन जैसे कि मल्टीप्लिकेशन, फ्रैक्शन और स्ववायर रूट शामिल है। सुमेरियन लोगो द्वारा विकसित की गई प्रणाली एक्वियन साम्राज्य ने 300 ईसा पूर्व में बेबीलोन के लोगों तक पहुंचाई। इसके 600 साल बाद मायन सभ्यता के लोगो ने कैलेंडर सिस्टम का विकास और इसका विस्तार भी किया। इस प्रकार हम बहुत ही उत्कृष्ट खगोलविद बन गए। लगभग यही वह समय था जब जीरो के कांसेप्ट का भी विकास हो रहा था।

Jhalak, Class V A

जल ही जीवन है

जल है अनमोल,
इसका नहीं है कोई मोल।

जल भगवान के द्वारा हम इंसानों को दिया गया एक बहुत ही बहुमूल्य उपहार है, इसलिए इसका संरक्षण करना बहुत जरूरी है। जल को बचाना हर नागरिक का कर्तव्य है। पानी की एक-एक बूंद से हमारा अस्तित्व है।

पृथ्वी के सभी छोटे बड़े जीव और पेड़-पौधे जीवित रहने के लिए पानी पर ही आश्रित है। हमारा शरीर पाँच तत्वों से बना है, उसमें से एक तत्व जल है। हमारे शरीर का आधे से ज्यादा वजन पानी से ही बना हुआ है।

वैसे तो हमारी पृथ्वी पर 70% भाग पर पानी है, लेकिन उसमें से मात्र 1% पानी ही हमारे पीने के लिए उपयोगी है। इसलिए जल का सही मात्रा में उपयोग करना बेहद आवश्यक है क्योंकि जल है तो कल है

Harshit Aujla, Class V B

अनुशासन का महत्त्व

अनुशासन जीवन में सही मार्ग पर चलने का एक दिशा निर्देश है। इसमें आत्म नियंत्रण, आज्ञा पालन और जिम्मेदारी का भाव शामिल है। बिना अनुशासन के लक्ष्य को प्राप्त करना कठिन हो जाता है। यह चरित्र को रूपांतरित कर एक आदर्श और व्यवस्थित वातावरण को बढ़ावा देता है। नियमित अनुशासन व्यक्तिगत और शैक्षिक सफलता की दिशा में मदद करता है। यह स्वस्थ और खुशहाल जीवन की दिशा में सहारा प्रदान करने वाली आदतें बनाता है। कुल मिलाकर अनुशासन लक्ष्यों और सफलताओं के बीच का सेतु है।

Garv Rathi, Class V B

IMPORTANCE OF TIME

Time is very precious to all of us. We should value and respect the time. Once it has passed it never comes back. The person who understands the importance of time and uses it properly, continues on the path of progress. On the other hand people who ignore the importance of time or misuse it only get failure in life. Until & unless we learn to utilise every second of time we cannot be successful in life.

Manvi Verma, Class V B

UNSPOKEN WORDS

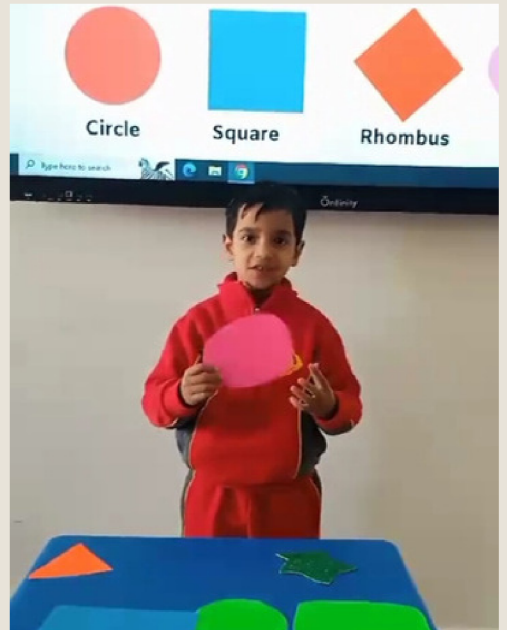

Staying silent with words unspoken,
trying to hide away the pieces that are broken.
ever wondered what goes on in their mind?
ever wondered how for them the world turns blind?
their existence is used for a mere 'play',
their vulnerabilities all put to display
their cries remain unheard,
their concerns brushed away and considered absurd
their choices become narrow
everyday they hear the same words as sharp as arrows
everyday they go through immense pain,
just so a sick person could enjoy again
their self confidence begins to crumble,
with them flinching upon every loud rumble
they try to think the pain won't last,
but every single day, they're treated like outcasts
they're people too, sometimes the bullies forget
they don't want to live anymore as they regret
and then they press that blade on their arm,
hoping that finally, they'll feel at peace and be calm
they get tired too
they feel hurt too
but nobody bats an eye,
because the world, it never cares
if yet another innocent soul dies

उत्कर्षमय जीवन

हार ने मुझसे कहा, मैं अश्रु बनकर आ रही हूँ।
जीत यूँ बोली डरो मत, मुस्कान लेकर आ रही हूँ।

मैं लिए हिम्मत हृदय में,
लक्ष्य पथ पर बढ़ चली।
कर्म का हथियार लेकर,
मुश्किलों से लड़ चली।

कालिमा ने भी कहा, अधियारा बन मैं आ रही हूँ।
पूर्णिमा बोली डरो मत, चाँदनी मैं ला रही हूँ।

बीते समय की हार को,
अब विदा करती चली।
जो नहीं किया है सत्कर्म,

वो कर गुजरने का हौसला लेकर चली।
मौत ने मुझसे कहा, मैं तुमको लेने आ रही हूँ।
जिंदगी बोली, डरो मत, मैं अभी मुस्कुरा रही हूँ।
