INTER HOUSE HINDI STORY TELLING COMPETITION

Conducted in November, 2024

CLASS I - A

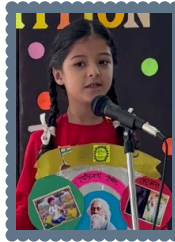

Sayesha

Harteg

CLASS I - B

Eliana

CLASS I - C

Sejal

CLASS II - A

Namish

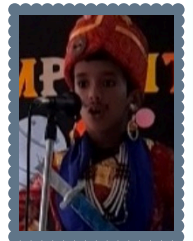

Navya

CLASS II - B

Ishanvi

Aarav

Congratulations!

- We applaud and acknowledge the hard work of our young, eager learners for their outstanding performance in the **Inter House Hindi Story telling Competition** held in **November, 2024**.
- An outline of the upcoming activities for classes I and II in December 2024:
- **Skill of the Month-** Logical and Problem-Solving Skills
- As part of our December focus on nurturing logical & problem-solving skills, we have planned a series of engaging activities for our young learners in Grades I & II. These activities are designed to spark curiosity, encourage predictive thinking, build cognitive skills in a fun & interactive manner.

Peppa Pig

- **Skill Day: 06.12.24, 10.12.24, 13.12.24**
- On this day, students will indulge in a series of engaging activities arousing curiosity and enhancing their cognition.
- Here is a glimpse of activities curated for our children to be conducted during this month.
- **Pattern Recognition:** Identifying and completing patterns to develop sequencing skills.
- **Simple Puzzles:** Solving age-appropriate puzzles to foster critical thinking.
- **What's Next?:** This activity enhances predictive thinking by presenting scenarios or sequences. For example, "The boy has a balloon; it pops. What happens next?" Your child will predict logical outcomes and share their thoughts.

Peppa Pig

- **Riddles and Brain Teasers:** Using simple riddles suited to their age, students will engage their problem-solving skills. An example: "I am round and I roll. You kick me on the ground. What am I?" (Answer: A ball)
- **Follow the Leader:** In this activity, students will replicate a sequence of movements (e.g., clap, stomp, hop) and creatively add a new movement. This tests their memory, logical thinking, and creativity.
- We are excited to see our tiny tots explore these activities and grow in confidence and skill. We seek your support in reinforcing these skills at home through activities like puzzles, story discussions, or simple Maths games.

Peppa Pig

- **World Computer Literacy Day: 02.12.24**
- **Indian Navy Day: 04.12.24**
- **Flag Making: 07.12.24**
- **Human Rights Day: 10.12.24**
- **World Energy Conservation Day Celebration:**
- **13.12.24**
- **Vijay Diwas: 16.12.24**
- **National Mathematics Day Celebration:**
- **23.12.24**
- **Christmas Celebration:24.12.24**
- **Birthday Bash: 28.12.24**
- **Theme: Peppa Pigs**
- **Activity Plan for home**
- **Board Games- Snakes and Ladders: Helps with counting and decision-making.**

Peppa Pig

- **Ludo or Memory Match Games:** Improves concentration and logical skills.
- **Story-Based Problem Solving**
- Read a story and ask questions like, "What should the character do to solve this problem?" or "How would you help them?"
- **Puzzle Play**
- **Jigsaw Puzzles:** Choose puzzles with age-appropriate themes like animals, nature, or cartoon characters.
- **Tips for the Parents**
- Encourage your ward to think out loud to understand their thought process.
- Provide hints rather than answers when they struggle.
- Celebrate their efforts to boost confidence and motivation.
