| | सूचना लेखन | Remember: लेखन के महत्वपूर्ण तत्व एवं प्रारूप |
| | | Understand: लेखन के उद्देश्य, संरचना एवं शैली |
| August | | Apply: लेखन कौशलों को विभिन्न संदर्भ में लागू करना |
| August | | Analyze: लेखन कौशल की प्रभावशीलता का विश्लेषण करना एवं सुधार कार्य |
| | | करना |
| | | PERIODIC TEST-2 |
| September | | REVISION & TERM-1 EXAMINATION |

MATHEMATICS

| Bo | ok Prescribe | d: NCERT | |
|--------|--------------------|---|--|
| | Months | Content | Learning Outcomes |
| | | Chapter No.1 : Rational Numbers Chapter No.2 : | Students will be able to: Remember: The rules for addition, subtraction, multiplication and division of rational numbers Understand: The concept and properties of rational numbers such as commutative, associative, distributive properties Apply: Operations on rational numbers to solve real-life problems Analyze: Various mathematical situations using rational number properties and relation between rational numbers and other number systems Students will be able to: |
| | April to May | Linear Equations in One Variable | Remember: The concept of linear equation and methods to find their solution Understand: The properties of linear equations and its relationships Apply: The gained knowledge to solve problems based on linear equations in one variable Analyze: The relation between variables and constants in linear equations |
| TERM-I | | Chapter No. 4 : Data handling | Students will be able to: Remember: The concept of data handling, pie chart construction, and basics of probability Understand: The importance of data handling, data interpretation in real-life situations and the concept of probability Apply: The acquired knowledge to construct pie charts and calculate probabilities Analyze: The data presented in different forms- bar graphs, pie charts and the outcomes of an experiment - total and favourable |
| | June | SUMMER BREAK | |
| | | Chapter No. 5: Squares and Square roots | Students will be able to: Remember: The concepts of squares and square roots Understand: The properties and relationships of squares and square root Apply: The gained knowledge to calculate squares and square roots Analyze: Patterns and relationships between numbers and their squares/square roots |
| | July | Chapter No. 6: Cubes and Cube roots Chapter No. 5: | Students will be able to: Remember: The concepts of cubes and cube roots Understand: The properties and relationships of cubes and cube roots Apply: The gained knowledge to calculate cubes and cube roots Analyze: Patterns and relationships between numbers and their cubes/cube roots Students will be able to: |
| | | Understanding | Remember: The properties of quadrilaterals and parallelograms |

| | Quadrilaterals | Understand: The geometric relationships and properties of parallelograms Apply: Properties of quadrilaterals and parallelograms to solve |
|-----------|----------------------|---|
| | | problems Analyze: The classification of quadrilaterals and parallelograms |
| | | PERIODIC TEST-2 |
| | Chapter No 7: | Students will be able to: |
| | Comparing Quantities | Remember: The concepts of percentage, GST, discount, and |
| | | compound interest |
| August | | Understand : The relationships between quantities and their |
| | | comparisons |
| | | Apply : The gained knowledge to calculate ratios, percentages, GST, |
| | | discount, and compound interest |
| | | Analyze: The impact of changes in quantities on ratios, proportions, |
| | | and percentages |
| September | | REVISION & TERM-1 EXAMINATION |

SCIENCE

| Boo | k Prescribe | d: NCERT | |
|--------|--------------------|--|--|
| | Months | Content | Learning Outcomes |
| | | Chapter No. 1: Crop Production and Management | Students will be able to: Remember: The basic agricultural practices and tools Understand: The need for each farming step Apply: The gained knowledge to identify and use traditional and modern tools Analyze: Various factors affecting crop yield |
| TERM-I | April to May | Chapter No. :2: Microorganisms: Friend and Foe | Students will be able to: Remember: The types and examples of microorganisms Understand: The role of microbes in daily life Apply: The uses and harms of microbes in real-life situations Analyze: The beneficial and harmful effects of microorganisms |
| | | Chapter No. :3: Coal and Petroleum | Students will be able to: Remember: The types and sources of fossil fuels Understand: The formation and properties of coal and petroleum Apply: The gained knowledge to use fuel judicially Analyze: The importance of renewable and non-renewable resources |
| | June | SUMMER BREAK | |
| | | Chapter No. :4: Combustion and Flame | Students will be able to: Remember: The types of combustion and parts of a flame Understand: The conditions required for combustion Apply: Identification of good and bad fuels based on efficiency Analyze: Flame characteristics of different fuels |
| | | Chapter No. :8: Force and Pressure | Students will be able to: Remember: The definition of force and pressure with examples Understand: The effects of force on objects Apply: The real-life applications of force and pressure Analyze: The contact and non-contact forces |
| | July | Chapter No. :6: Reproduction in Animals | Students will be able to: Remember: The types and modes of reproduction Understand: The process of fertilization and development Apply: The Identification of stages of reproduction in animals Analyze: Sexual and asexual reproduction |

| | Chapter No. :7: | Students will be able to: |
|-----------|---------------------|---|
| | Reaching the Age of | Remember: The changes during puberty and adolescence |
| | Adolescence | Understand: The role of hormones in growth |
| August | | Apply : The relation of adolescent changes to personal experiences |
| August | | Analyze: The physical, emotional, and hormonal changes |
| | | PERIODIC TEST-2 |
| September | | REVISION & TERM-1 EXAMINATION |
