“The Flute of Divine Love”

The midnight sky is calm and bright,
Stars are singing in pure delight.

A gentle flute begins to play,
For Krishna's birth, this holy day.

The bells are ringing, hearts rejoice,
The world awakens with one voice,
In Gokul's land, so pure, so small,
The Lord of Love has come to all.

His eyes like, soft and deep,
A smile that wakes the soul from sleep.
With butter hand any playful feet,
He makes each moment pure and sweet.

The peacock feather crowns his head,
On flute, divine notes gently spread.
The cows, the gopis, dance around,
As joy and blessings all around.

O Krishna, child of Yashodha's care,
You teach the world to love, to share.
On Janmashtami, hearts proclaim,
Forever we'll rejoice your name.

Lavanya Aggarwal, IX-A (Freedom House)

“Friendship”

Friends we are,
Forever we'll be.
Wherever we are,
You're right beside me.

I hope we stay friends,
Till the end of time.
And whenever that is,
Our friendship will still shine.

You mean the world to me,
I hope the same with you.
You're always helping me,
Whatever it takes you'll do.

So to every one of my friends,
You mean the world to me.
Friends we are,
Forever we'll be.

Vaani Goyal, IV-B (Forward House)

“Friendship”

Today we honour bonds so true,
Today ties of trust between me and you.
Not bound by blood, but by heart,
A precious gift, a work of art.

Through laughter loud and silence deep,
Through promises we choose to keep,
You’ve been the strength, the gentle guide,
A steady hand close by the side.
On this day I just want to say,
You make the dark clouds drift away.
For every smile, each tear you dry.
You are the reason spirits fly.
So here’s to friends, both far and near,
A timeless bond we hold so clear
May friendship light forever stay.

Ishleen Kaur, IX-C (Peace House)

Independence Day

Our flag is flying high,
Under the bright blue sky,
Freedom came on this day.
Brave hearts showed the way,

We sing and dance with cheer,
Independence day is here,
Salute our country, Proud and free,
India shines for you and me.

"Learning Beyond Borders: A Student's Perspective"

"We were delighted to host Anika Garg, a Class VII student from the UK, who visited Doon to gain an understanding of our education system. She shared her reflections on her enriching experience, which we are pleased to present below."

My Experience At Doon Public School

I am really glad, I got this opportunity and it is an unforgettable memory for me. I really enjoyed my time here and learnt so many new things. All teachers and kids are very kind and welcoming. I never felt left alone. I don't have enough words to say thank you taking time out for me. I had a really nice experience that changed the way I used to see India. I enjoyed all my lessons, Mathematics, English, P.E., Music Art and Science. I also enjoyed lunch time with other kids, made lots of new friends.

There were few surprise journeys as well such as:

- Do not allow student to take phones to school.
- Different uniform for kids depending on the day and teacher also have uniform as well.
- Kids stay in classroom whole time and teachers come to classroom.
- When a teacher comes in classroom children must stand up to show respect.
- You have to ask permission from teachers to come in classroom.
- During assembly the children stand up in rows straight and silent.
- The teachers are very talented whether it's Music, Art or Dance. They have such a beautiful voice and amazing balance in Dance. It was difficult to wake up in the morning but still everyday I was looking forward to join. A special thank you to Principal Ma'am for giving me this opportunity, Zeenam Ma'am for looking after me during this period and my buddy Aditi for accompanying me and making me feel welcome and comfortable in this school. Also thank to all the teachers who taught me.

Anika Garg
