

Doon Public School

A New Generation Sr. Sec. School | Affiliated to CBSE
Sector 21, Panchkula - 134 112 (Haryana)

Class- XII (Commerce) Syllabus for the Session 2026-27

English

Book Prescribed: NCERT

	Months	Content	Learning Outcomes
Term -I	March - April & May	Chapter No. 1: The Last Lesson (prose), Flamingo	<p>Students will be able to:</p> <p>Remember: The theme and message and traits of Franz and M.Hamel</p> <p>Understand: The importance of one's own language, emotional state of M. Hamel</p> <p>Apply: Linguistic chauvinism and love for one's language in real life situation</p> <p>Analyze: The importance of a teacher in the life of a student</p>
		Notice (Writing)	<p>Students will be able to:</p> <p>Remember: The format and structure of the Notice</p> <p>Understand: The question and use W's properly</p> <p>Apply: Notice in real life scenario for effective communication</p> <p>Analyze: The appropriate use of language while doing the question</p>
		Chapter No. – 2 Lost Spring (Prose, Flamingo)	<p>Students will be able to:</p> <p>Remember: Traits of Sahib and Mukesh, theme and message of the chapter</p> <p>Understand: Harsh realities of slum children, importance of childhood and those traditions that condemn slum children to a life of exploitation</p> <p>Apply: The gained knowledge and understanding of characters's situation into real life situation and be empathetic</p> <p>Analyze: The circumstances and situation of both the protagonists and that society and political class only add to the sufferings of the slum and poor children .</p>
		Chapter No. – 3 Deep Water (Prose, Flamingo)	<p>Students will be able to:</p> <p>Remember: Autobiographical element of the author, theme, message and the chronological events of the chapter in detail</p> <p>Understand: That childhood fears must never be treated lightly, if not tackled properly they make deep inroads in one's psychology</p> <p>Apply: The instances in real life and overcome any hesitation or fear and success can be achieved at point of time in the life (Douglas)</p> <p>Analyze: The situation of Douglas underwater and his attempts to come on the surface</p>

	Chapter No. – 1 The Third Level (Prose, Vistas)	<p>Students will be able to: Remember:The setting of the chapter, the chronological events of the story Understand:Psychological impact of world wars on people and concept of escapism through Charlie Apply:The gained knowledge through Charlie and Sam's character in understanding people's mental situation Analyze:Charlie's personality and impact of grandfather, pre and post world war situations, in shaping his personality.</p>
	Chapter No. –2 The Tiger King (Prose, Vistas)	<p>Students will be able to: Remember: Pre independence era of royal families, theme and message of the chapter Understand: The character traits of the King, his motto of life and impact of prophecy in king's life Apply: The gained knowledge in real life situation and how the king lived and died just to challenge priest's prophecy Analyze: The character sketch of the king and his minister</p>
	Chapter No. – My Mother at Sixty Six (Poem , Flamingo)	<p>Students will be able to: Remember: Theme, message and central idea of the poem Understand: Poetic devices used in the poem and that aging and death is inevitable Apply: The gained knowledge in cherishing the moments spent with loved ones and importance of living in present Analyze: The emotions and fear of losing the mother, bonding between mother- daughter, nostalgic childhood memories</p>
	Letter to the Editor (Writing)	<p>Students will be able to: Remember: The format of the letter Understand: The need and usage of the letter writing Apply: The learned skill to write letters and bring the issues into the limelight through letter writing Analyze: the importance of writing letters</p>

Accountancy

Book Prescribed: T. S. Grewal			
	Months	Content	Learning Outcomes
Term -I	March - April & May	Chapter : Accounting for Partnership Firms- Fundamentals	<p>Students will be able to: Remember: The concept of partnership, partnership firm & its characteristics, partnership deed & its contents. Understand: The provisions of the Indian Partnership Act, 1932 and the concepts of fixed and fluctuating capital accounts Apply: The acquired knowledge to prepare journal entries for partnership transactions and Calculate interest on partner's capital and drawings and develop the skill of preparing Profit & Loss Appropriation Account, Partner's Capital Account and Adjustment table for making past adjustments Analyze: The impact of partnership deed provisions on financial statements and compare fixed and fluctuating capital methods in different scenarios</p>
		Chapter : Goodwill-Nature and Valuation	<p>Students will be able to: Remember: The term goodwill and recognize it as an intangible asset; Types of goodwill and methods of valuation of goodwill Understand: The nature and characteristics of goodwill,the reasons why goodwill arises in a business and distinguish between purchased and self-generated goodwill Apply: Various methods to calculate goodwill : Average Profit Method, Super Profit Method and Capitalization Method. Pass</p>

		<p>journal entries for goodwill brought in cash or adjusted through capital accounts</p> <p>Analyze: Different methods of goodwill valuation and evaluate their appropriateness; the financial effect of goodwill adjustment on partner's capital accounts and on firm's profit distribution; Interpret how goodwill influences the valuation of a business during structural changes</p>
	Chapter : Change in Profit Sharing Ratio and introduction to admission of a Partner	<p>Students will be able to:</p> <p>Remember: The terms like sacrificing ratio, gaining ratio, goodwill, revaluation, and capital adjustment</p> <p>Understand: The need and method for change in ratio and the accounting treatment for revaluation of assets and liabilities and the accounting implications alongwith the adjustment for goodwill and revaluation</p> <p>Apply: The gained knowledge to prepare revaluation Account and Partners' Capital Account and Compute the effect of change in ratio</p> <p>Analyze: The financial implications of change in profit-sharing ratio</p>

Business Studies

Book Prescribed: Poonam Gandhi			
	Months	Content	Learning Outcomes
TERM-I	March - April & May	Chapter No.1 : Nature and Significance of Management	<p>Students will be able to:</p> <p>Remember: The definition of management, its features, and objectives ; levels and functions of management</p> <p>Understand: The differentiation between effectiveness and efficiency. the importance of management in goal achievement. the role of management in increasing productivity</p> <p>Apply: Management practices in real organizations (e.g., hospitals, schools) and create a basic organizational hierarchy showing levels of management</p> <p>Analyze: The role of a manager (how he coordinate the activities of all departments) ; Evaluate how absence of management leads to business failure</p>
		Chapter No.2 : Principles of Management	<p>Students will be able to:</p> <p>Remember: Fayol's 14 principles and Taylor's techniques; differences between unity of direction and unity of command ; the techniques of scientific management</p> <p>Understand: The practical utility of management principles; the relationship between principles and organizational efficiency and how Taylor's techniques reduce wastage</p> <p>Apply: Real-life situations to respective principles (case-based questions) and demonstrate division of work or discipline through classroom activities</p> <p>Analyze: The approaches of Fayol and Taylor using tabular form and the adaptability of classical principles in start-ups</p>

	Chapter No. – 3 Business Environment	<p>Students will be able to:</p> <p>Remember: the dimensions of the business environment and the features of the dynamic and complex nature of environment.</p> <p>Understand: the importance of scanning the environment. how technological, economic, legal, social or political factors affect business.</p> <p>Apply: Identify recent environmental changes affecting Indian companies. Relate GST implementation to legal environment changes.</p> <p>Analyze: Evaluate the impact of pandemic or recession on business strategy. Compare stable vs. turbulent business environments. Analyze business failures due to lack of environmental understanding.</p>
	Chapter No. – 4 Planning	<p>Students will be able to:</p> <p>Remember: the concept of planning and its objectives. the steps in the planning process and the types of plans: ‘standing and single use.’</p> <p>Understand: the importance and limitations of planning. the relationship between planning and other functions. the types of plans using practical examples.</p> <p>Apply: Prepare a simple business plan for a classroom enterprise. Create steps of planning for a school event. Design objectives and strategy for a product launch.</p> <p>Analyze: Evaluate a real business plan and suggest improvements. Compare short-term vs. long-term planning in large businesses. Analyze causes of planning failure in a given case.</p>

Economics

Book Prescribed: Radha Bahuguna			
	Months	Content	Learning Outcomes
TERM-I	March - April & May	National income and related aggregates	<p>Students will be able to:</p> <p>Remember: The key terms like GDP, NDP, GNP, NNP, factor cost, market price, etc.</p> <p>Understand: The concepts of GDP, GNP, and national income</p> <p>Apply: The acquired knowledge to calculate national income using Value Added (Product) Method, Income Method and Expenditure Method</p> <p>Analyze: The National Income of India</p>
		Money and Banking	<p>Students will be able to:</p> <p>Remember: The key terms like money, CRR, SLR, repo rate, reverse repo, high-powered money, money supply (M1, M3), etc.</p> <p>Understand: The functions of money, credit creation, and role of the Central Bank</p> <p>Apply: The process of Credit creation and monetary policy tools (CRR, repo, etc.)</p> <p>Analyze: The impact of monetary policy on inflation and liquidity</p>

	Indian Economy on the eve of independence	<p>Students will be able to:</p> <p>Remember: Key terms like stagnation, colonial rule, deindustrialization, demographic profile, occupational structure</p> <p>Understand: The impact of British policies on agriculture, industry, and trade</p> <p>Apply: The acquired knowledge to compare pre and post-independence economic conditions</p> <p>Analyze: How colonial exploitation led to backwardness in key sectors of the Indian economy</p>
--	---	--

Political Science

Book Prescribed: Part -A Contemporary World Politics, PART- B Politics In India Since Independence			
	Months	Content	Learning Outcomes
TERM-I	March - April & May	Chapter No. :1 End of Bipolarity (Contemporary World Politics)	<p>Students will be able to:</p> <p>Remember: The background and outcome of disintegration of the Soviet Union</p> <p>Understand: The consequences of a unipolar world</p> <p>Apply: The features of Shock Therapy</p> <p>Analyze: The developments between India & Russia</p>
		Chapter No. –2 (Part-A) Contemporary Centres of Power	<p>Students will be able to:</p> <p>Remember: Key countries and groups like China, EU, ASEAN and BRICS</p> <p>Understand: How these centres influence global political and economic system</p> <p>Apply: The role of emerging powers to current global developments</p> <p>Analyze: The impact of new power centres on world order and India’s relations</p>
		Chapter No. –3 (Part-A) Contemporary South Asia	<p>Students will be able to:</p> <p>Remember: Major countries, conflicts, and events in South Asia</p> <p>Understand: Political systems and issues like democracy, conflict, and cooperation in the region</p> <p>Apply: The gained knowledge to relate regional developments to current affairs in South Asia</p> <p>Analyze: The relationships and conflicts among South Asian countries and their impact</p>
		Chapter No. –1 (Part-B) Challenges of Nation - Building	<p>Students will be able to:</p> <p>Remember: Key challenges after independence included partition, integration of princely states, and creating a stable government</p> <p>Understand: Nation-building requires unity, democracy, and development despite diversity and conflict</p> <p>Apply: These ideas help explain how countries today manage diversity and political stability.</p> <p>Analyze: The success of nation-building depended on leadership, policies, and handling social divisions effectively</p>

	Chapter No. –2 (Part- B) Era of one Party Dominance	<p>Students will be able to:</p> <p>Remember: The Indian National Congress dominated Indian politics from 1952 to 1967</p> <p>Understand: One-party dominance existed because of Congress’s strong leadership, freedom struggle legacy, and weak opposition</p> <p>Apply: How dominant parties can shape political systems in new democracies</p> <p>Analyze: While dominance ensured stability, it also limited strong opposition and competitive democracy</p>
--	--	---

Painting

Book Prescribed: NCERT			
	Months	Content	Learning Outcomes
TERM-I	March - April & May	Chapter No. : The Rajasthani School of Miniature Paintings	<p>Students will be able to:</p> <p>Remember:The key features of the Rajasthani School and its sub-schools (e.g., Mewar, Bikaner, Bundi, Kishangarh, etc.).</p> <p>Understand: The cultural, political, and religious influences that shaped the Rajasthani miniature style and the use of colour, form, and iconography in typical Rajasthani miniatures</p> <p>Apply: The acquired knowledge of Rajasthani miniature paintings with other regional styles in terms of technique and thematic content</p> <p>Analyze: The contribution of the Rajasthani School to Indian art history and the aesthetic and historical significance of specific artworks from this tradition</p>
		Chapter No. :The Pahari School Of Miniature Paintings	<p>Students will be able to:</p> <p>Remember: The key characteristics of the Pahari School and its subdivisions (e.g., Basholi, Kangra, Guler, etc.) and list the prominent themes, styles, and artists associated with this school</p> <p>Understand: How the Pahari School was influenced by local culture, natural surroundings, and literary sources and explain stylistic elements such as facial features, landscape depiction, and color usage</p> <p>Apply: The gained knowledge to select paintings from the Pahari School to understand their themes and techniques</p> <p>Analyze: The difference between different Pahari sub-schools through critical visual examination and assess the school’s artistic contribution in the context of Indian miniature painting traditions</p>

Computer Science

Book Prescribed: Computer Science with Python (Sumita Arora - Dhanpat Rai Pub.)			
	Months	Content	Learning Outcomes
Term -I	March - April & May	Chapter No. 8 : Computer network- I	<p>Students will be able to:</p> <p>Remember: Fundamentals requirements and application of Networking</p> <p>Understand: Explain how data is transferred in a network.</p> <p>Apply: Demonstrate how to connect computers in a simple network.</p> <p>Analyze: Compare advantages and disadvantages of different network topologies.</p>

	Chapter No. 9: Computer network- II	<p>Students will be able to: Remember: Define networking devices such as router, switch, hub, modem, etc Understand: Illustrate how a basic network setup works. Apply: Apply appropriate protocols for specific network tasks (e.g., using FTP to transfer files).Set up a basic wireless network using a router and wireless devices. Analyze: Evaluate the suitability of various network protocols .</p>
	Chapter No. 1 : Python Revision Tour -I	<p>Students will be able to: Remember: Token, Flow of control and looping statements Understand: Describe the difference between entry-controlled & count-controlled loops, use of break and continue within loops and execution flow of conditional statements. Apply: Solve simple real-life problems using loops. Analyze: Debug and correct logic errors in programs involving loops or conditions. Trace the flow of execution in nested conditional or looping structures.</p>
	Chapter No. 2: Python Revision Tour -II	<p>Students will be able to: Remember: List, Tuple, strings, tuples, and dictionaries in Python and built-in functions. Understand: Explain how dictionaries store data in key-value pairs. Python code that uses loops to access elements in lists, tuples, or dictionaries. Apply: Python programs to perform basic operations (add, delete, modify) on lists, tuples, and dictionaries. Analyze: A given piece of code and predict the output or detect logical errors.</p>

Physical Education

Book Prescribed: S.P Book			
	Months	Content	Learning Outcomes
Term -I	March - April & May	UNIT-1 Management of sporting events	<p>Students will be able to: Remember: Key terms related to event management; Recall different types of sporting events and the stages of event planning Understand: The principles of event management within the context of sports and connection between sport, culture, and community development through events Apply: The gained knowledge to use management principles to design an organizational chart for a sports event ; apply risk management techniques to real-life sports scenarios Analyze: The effectiveness of past sporting events in terms of logistics, audience engagement, and media coverage and identify challenges in managing sporting events and propose solutions</p>
		UNIT-2 Children and Women in Sports	<p>Students will be able to: Remember: Policies and programs that support children and women in sports and define key terms related to gender equity and youth participation in sports Understand: The physical, psychological, and social benefits of sports for children and women and the developmental considerations in training children in sports Apply: Gained knowledge to design a basic training schedule tailored for children or female athletes and apply principles of inclusivity and safety in planning physical activities</p>

		Analyze: The impact of social, cultural, and economic factors on women's involvement in sports and evaluate the effectiveness of government policies or school programs promoting sports among children and women
	UNIT-10 Training in sports	Students will be able to: Remember: The concept of term training in the context of sports, different types of training and basic training principles Understand: The objectives and importance of training in enhancing sports performance and the role of warm-up, cool-down, and recovery in training sessions Apply: The gained knowledge to design a basic weekly training plan for an athlete in a specific sport and demonstrate proper techniques for basic strength or endurance exercises Analyze: The common training errors or injuries, the training needs of athletes from different sports and the effectiveness of a given training plan using performance outcomes.

Hindustani Music Vocal

Book Prescribed: NCERT			
	Months	Content	Learning Outcomes
TERM-I	March - April & May	Unit 1 Brief study of the following: - Alankar	Students will be able to: Remember: Key terms related to Hindustani Music (e.g., raga, tala, swara, laya) Understand: Basic terms of Indian Classical Music Apply: The gained understanding of Alankars to create different types of Alankars according to taals Analyze: The structure and composition of Hindustani Music pieces
		Unit 1.1& 1.2 Brief study of the following:- Kan, Meend,Khatka, Murki,Gamak, Gram, Murchhana,Alap, Tana.	Students will be able to: Remember: Key terms related to Hindustani Music (e.g., raga, tala, swara, laya) Memorize the sequence and use of different swaras in Gram and Murchhana Understand: The difference between soft and forceful ornamentation techniques Apply: The acquired knowledge about these terms to make singing more attractive and effective Analyze: The examples of singing and identify which technique is being used
		Unit 5 Critical study of Prescribed Ragas along with recognizing Ragas from phrases of Swaras and elaborating them. Unit 5.1 Writing in Notation the Compositions of Prescribed Raga Bhairav.	Students will be able to: Remember: The Aaroha, Avaroha, Vadi–Samvadi, Jati, and time of performance of Ragas Bhairav, Bageshri, and Malkauns Understand: How swara phrases bring out the identity of a raga Apply: The gained knowledge to recognize ragas when given short phrases of swaras and write the compositions of Bhairav in proper notation Analyze: How the use of specific swaras (komal/tivra) creates distinct identities of Bhairav.

	Unit 2 Historical development of Time Theory of Ragas	Students will be able to: Remember: Key milestones in the historical development of Hindustani music's time theory of ragas Understand: The significance of time theory in Hindustani Music Apply: The acquired knowledge of time theory in performances Analyze: The impact of the theory on raga performance practices
--	--	---

Library & Information Science

Book Prescribed: CBSE			
	Months	Content	Learning Outcomes
TERM-I	March - April & May	Chapter No. : 1 Communication Skills IV (Employability Skills)	Students will be able to: Remember: The do's and don't of good communication Understand: The importance of good communication to enhance personality Apply: The skill of communication for impactful conversation Analyze: The need of good communication in one's life
		Chapter No. : Library Management	Students will be able to: Remember: The fundamental facts and concepts related to library operations Understand: The concept of library management and stock verification Apply: The gained knowledge in practical or simulated tasks Analyze: The challenges faced in the management of library such as system break down, stock discrepancy and the ways to resolve those

Marketing

Book Prescribed: CBSE Notes			
	Months	Content	Learning Outcomes
TERM-I	March - April & May	Chapter No. : 1 Communication Skills IV (Employability Skills)	Students will be able to: Remember: The key terms like verbal, non-verbal, written, and visual communication Understand: The importance of tone, clarity, listening, and feedback in effective communication Apply: Proper communication in real-life banking scenarios (e.g., dealing with customers) Analyze: The communication barriers and suggest improvements
		Unit - Product	Students will be able to: Remember: Key terms like Product, Product Life Cycle (PLC), Introduction, Growth, Maturity, Decline, Packaging, Branding Understand: The stages of PLC and their characteristics; importance and functions of packaging Apply: The gained knowledge to identify real-life products in different PLC stages; design packaging for FMCG products Analyze: Products based on their PLC stage and marketing strategies used

Web Application

Book Prescribed: CBSE Resources			
	Months	Content	Learning Outcomes
TERM-I	March - April & May	Chapter No. :1 Communication Skills-IV (Employability Skills)	Students will be able to: Remember: The key components of effective communication Understand: The process and importance of communication skills Apply: Active listening and use appropriate communication techniques in group discussions Analyze: Real-life scenarios to identify communication gaps and suggest improvements
		Chapter 1: Emerging Trends	Students will be able to: Remember: Internet of Things (IoT) and Industrial Internet of Things (IIoT) Understand: The classification of different types of Operating Systems and their use. Apply: The gained knowledge to identify Cloud Computing and Edge Computing , Describe Artificial Intelligence (AI) and Machine Learning (ML) Analyze: The importance of Digital Marketing and its Career Opportunities, Recognize and explain the importance of Social Media Etiquette

Yoga

Book Prescribed: CBSE Resources			
	Months	Content	Learning Outcomes
TERM-I	March - April & May	Chapter No. :1 Communication Skills-IV (Employability Skills)	Students will be able to: Remember: The types, the elements of the communication process, the 7 Cs of effective communication and barriers to communication Understand: The importance of effective communication in daily life and the workplace, non-verbal communication cues and the difference between formal and informal communication Apply: Effective communication in role-plays and presentations using proper tone, pitch, and body language Analyze: The difference between effective and ineffective communication styles, real-life or simulated scenarios to identify communication gaps or breakdowns and the impact of communication barriers on relationships or work performance
		Unit 1 – Introduction to Yoga and Yogic Practices-II	Students will be able to: Remember: Definition of Yoga, its origin, history, and development in India Understand: The meaning, aims, and importance of Yoga and describe the role of Yoga in physical, mental, and spiritual well-being Apply: The gained knowledge to demonstrate simple yogic practices , correct posture and breathing for relaxation and stress reduction Analyze: The impact of Yoga on stress management and lifestyle diseases

Applied Mathematics

Book Prescribed: NCERT			
	Months	Content	Learning Outcomes
Term -I	March - April & May	Chapter: Matrices	<p>Students will be able to:</p> <p>Remember: The concept of matrices, type of matrices, operations on matrices, transpose of a matrix, symmetric and skew symmetric matrices.</p> <p>Understand: The properties of addition, multiplication of matrices and scalar multiplication</p> <p>Apply: Addition and multiplication of matrices and scalar multiplication to real life problems</p> <p>Analyze: Non- commutativity of multiplication of matrices and existence of non-zero matrices whose product is the zero matrix (order 2) ; the uniqueness of inverse of a matrix, if it exists</p>
		Chapter : Determinants	<p>Students will be able to:</p> <p>Remember: The key terms - Determinant of a square matrix, minors and co- factors.</p> <p>Understand: The method of finding the adjoint, inverse of a square matrix and number of solutions of system of linear equations</p> <p>Apply: The acquired knowledge to solve the system of linear equations in two or three variables (having unique solution) using inverse of a matrix</p> <p>Analyze: The consistency and inconsistency of solutions</p>
		Ch- Financial Mathematics	<p>Students will be able to:</p> <p>Remember: The concept of perpetuity and sinking fund</p> <p>Understand: The difference between sinking fund and saving account and the concept of EMI</p> <p>Apply: The gained knowledge to calculate EMI using various methods and Compound Annual Growth Rate</p> <p>Analyze: Different investment options and the impact of interest rates on investments and loans</p>
		Chapter No. :Numbers, Quantification and Numerical Applications	<p>Students will be able to:</p> <p>Remember: The key terms modulus of an integer, congruence modulo</p> <p>Understand: The comparison between two statements/situations which can be compared numerically</p> <p>Apply: Modulus and conjugate to simplify complex expressions; the definition in various problems</p> <p>Analyze: The appropriateness of numerical methods for specific Problems</p>

Mathematics(041)

Book Prescribed: NCERT			
	Months	Content	Learning Outcomes
TERM-I	March - April & May	Chapter No. 3 Matrices	<p>Students will be able to:</p> <p>Remember: The concept of matrices, type of matrices, operations on matrices, transpose of a matrix, symmetric and skew symmetric matrices.</p> <p>Understand: The properties of addition, multiplication of matrices and scalar multiplication</p> <p>Apply: Addition and multiplication of matrices and scalar multiplication to real life problems</p> <p>Analyze: Non- commutativity of multiplication of matrices and existence of non-zero matrices whose product is the zero matrix (order 2) ; the uniqueness of inverse of a matrix, if it exists</p>
		Chapter No. 4 Determinants	<p>Students will be able to:</p> <p>Remember: The key terms - Determinant of a square matrix, minors and co- factors.</p> <p>Understand: The method of finding the adjoint, inverse of a square matrix and number of solutions of system of linear equations</p> <p>Apply: The acquired knowledge to solve the system of linear equations in two or three variables (having unique solution) using inverse of a matrix</p> <p>Analyze: The consistency and inconsistency of solutions</p>
		Chapter No.1 Relations and Functions	<p>Students will be able to:</p> <p>Remember: Types of relations- reflexive, symmetric, transitive.</p> <p>Understand: The concept of equivalence relations and bijective mappings</p> <p>Apply: The gained knowledge to identify equivalence relations and bijective mappings</p> <p>Analyze: Different types of relations and functions</p>
		Chapter No.2 Inverse Trigonometric Functions	<p>Students will be able to:</p> <p>Remember: Definitions and properties of inverse trigonometric functions</p> <p>Understand: Domain and range of inverse trigonometric functions</p> <p>Apply: The gained knowledge to evaluate problems in inverse trigonometric functions</p> <p>Analyze: The restrictions on the domain and range of inverse trigonometric functions</p>
		Chapter No. – 5 Continuity and differentiability	<p>Students will be able to:</p> <p>Remember: The concept of continuity and differentiability, chain rule, derivative of composite functions and inverse trigonometric functions</p> <p>Understand: Derivative of implicit functions and the concept of exponential and logarithmic functions</p> <p>Apply: Differentiation rules to find derivatives of functions, including Trigonometric functions, Exponential and logarithmic functions and Composite functions</p> <p>Analyze: Continuity and differentiability of functions and identifying points of discontinuity</p>
