## *SUMMER BREAK ASSIGNMENTS*

*SESSION: 2026 - 2027*

*Class – IV*

*Doon Public School*

**Dear Doonite Families,**

A. A. Milne, in his 1926 classic, "Winnie the Pooh," wrote, "Piglet noticed that even though he had a very small heart, it could hold a rather large amount of gratitude." Our little pink friend was grateful for the richness he had in his life; great friends, a warm place to sleep and a few tasty "hay corns" to eat.

As we break for the summer holidays, we want to take a moment to express our heartfelt gratitude to all who help make Doon Public School an amazing place to be. We Doonite families are a community with many gifts and talents, which we share daily with one another and most important, our students. From our living room, to the classroom, and all points in-between, our collective efforts are to raise the whole child. We are a community filled with passion, commitment and a willingness to make decisions that may be hard in the present, but will have a positive and lasting influence in the future for all. Parents play a very critical role in what we envision to accomplish on behalf of our Doonite scholars. You are adeptly doing what we know firsthand is the firmest, most rewarding and blissful job of all. We are grateful to you for entrusting us with your most precious gift.

We are appreciative to our wonderful, creative, talented, optimistic, resourceful, inquisitive, and resilient students. Often, they make us laugh, occasionally they make us cry, nonetheless always they make us contemplate. On the whole, they make us better. In the essence of this holiday season, we extend our fervent wish that each of you receives and returns the seasonal abundance of blessings and good tidings that make these days truly special.

Education offers us all a number of amazing occasions to focus on abundant small things that accrue overtime to produce students that are prepared to do greater things in life. Eventually, as a collective community, we are judged by the actions of our student body as a whole and the system new students' learning connects and impacts the world beyond our school. At our school, we are devoted to inculcating the arts into our academic curriculum as we believe that we learn better with and through an artistic approach.

With this approach as our core vision and philosophy, we are sure you will understand the higher value of the summer tasks we are sharing with our Doonites and their families to inculcate artistic approach into our curriculum and develop the whole child and not just above the neck.

We believe the true meaning of this holiday season is best expressed through the faces of our children. They radiate a sense of untainted hope, unabashed joy for life and unbridled enthusiasm, and the prospects that await them.

To the parents and friends of Doonite community, please have a safe and joyous holiday season.

With Regards,  
Team Doon

# Smart Parenting

Here are **some tips** to make this summer a joyful period.

- ✚ Inspire your children to read for at least 20 minutes a day. Remember, to inspire we need to practice what we preach.
- ✚ Make time to read about the history of the places you are visiting, on your stay-cations and/or vacations. Try comparing and contrasting the history of the community in which you live to that of the place you visited.
- ✚ Partake at least two meals together with your children. Impart them the importance and hard work of the farmers and ask them not to waste their food.
- ✚ Have conversations about the engineering and innovative thinking required to create the many things you get to explore at your summer destinations (amusement parks, swimming pools, airports, train stations, etc.)
- ✚ Allow them to wash-down their own plates after every meal. Children absorb dignity of labour from such activities.

- ✚ Let them assist you in cooking. Allow them to make their own vegetable and fruit salad.
- ✚ If possible, allow them to keep a pet dog or a cat or any animal or fish.
- ✚ Encourage your children to keep a journal to venerate their summer and prep them for the infamous back to school writing prompt 'What did you do this summer?'

**Note:** The following activities have been shared to keep children engaged during the break. Kindly note that these are suggestive activities. **The child may choose minimum five and maximum as many as they wish.** The aim is joyful learning, not burden.

Ensure that you click **one photograph** of your child while performing each activity and send its **printout** to the school for keeping in the **portfolio**. Kindly limit it to one photograph per activity.

1. Write a handwritten letter to your friend/relative (minimum 5 persons) and post it through post office. Avoid couriers.

2. Make socks puppet and paper bag puppets. Create a story using these puppets and present it in the class.

3. Plan a visit to International Doll Museum, Chandigarh.

Explore the dolls of different countries. Learn about them. Gather information on dolls of minimum 6 different countries.

Give a presentation of your visit, what all you explored and your learnings from this visit when school reopens.

4. Explore Arvind Gupta YouTube channel and create minimum 5 toys. Bring these to school and present in the class.

5. Create an imaginary animal. Draw it and share it in the class. (movies like Harry Potter or Fantastic Beasts are full of imaginary creatures)

6. Play Dumb Charades with your family members.

7. Explore your Zodiac sign. Give a presentation on the same in the class.

8. Spend an entire day without TV/video game/mobile/tab or any form of digital screen time. Give a presentation to your class on your experience.

10. Invent a new sandwich.

9. Grow any spice/medicinal plant/herb. Explore its health benefits. Nurture it and bring it to school. Share it's benefits and properties with your classmates.

10. Create and practice boredom jar. Take a jar and put 25-30 slips (folded) of small tasks (e.g. watch a movie, bake something, dance, sing a song etc.). Whenever anyone in the family says they are bored, the person has to take out 3 slips from the boredom jar and choose any one activity to perform.

## 11. Compare a book and its film adaptation.

What you have to do:

- ✓ Choose a book which has been adapted into a movie
- ✓ Read the book
- ✓ Watch the movie
- ✓ Make a PowerPoint presentation showcasing similarities and differences between the two.
