- Kindly note that the activities scheduled in **August 2026** are mentioned in the school planner.
- **August Birthday Bash: 31.08.2026**
- Theme: Monsoon Magic
- As we continue our little gardening journey, we would like to share a small update with you.
- The monsoon season brings its own beauty and learning, but the heavy rains and limited sunshine are not always favourable for growing many vegetables. 🌧️ 🌱 As a result, the growth and harvest from our kindergarten kitchen garden have been slower and smaller than we had hoped.
- However, this too is an important part of the children's learning. They are discovering that nature cannot be rushed, that every season has its own rhythm, and that growing food requires patience, care, and an understanding of the environment. 🌿
